

Kristiansandkonferansen innen boring og brønn 2018

Monday 17. September

HOUR:	DESCRIPTION:
18:30	Registrering Clarion Hotel Ernst
19:30	Aperitif
20:00	Tapas og piano

Tuesday 18. September

HOUR:	DESCRIPTION:
08:00	Registrering og kaffe
08:30	Velkommen Narve E. Endresen, leder av programkomiteen
	Møteledere: Torunn Lilleng, AkerBP og Thomas Mæland, ConocoPhillips
08:45	Digitalisering - hva kreves? Grethe Moen, CEO, Petoro
09:15	Konkraft-brønnleveranser for fremtiden Per Lund, SVP, Odfjell
09:45	Historisk refleksjon, hvorfor skal vi lykkes nå? Thor Blunck, Advisor, Blunck Offshore
10:15	Pause
	Møteledere: Torgeir Larsen, Wintershall Norge og Amir Gergerechi, Ptil
10:45	Drilling & Well Technology Gaps Fredrik Varpe, Manager Drilling & Well Technology, Equinor
11:10	Raising the periscope on Digitalisation Richard Emberland, Drilling & Wells Manager, Digital Plan, AkerBP

HOUR:	DESCRIPTION:
11:35	Digital Well Planning-Omnia Data Platform and Digital Procedures Anders Fjære, Project Leader D&W, Equinor
12:00	Lunsj
	Møteledere: Marianne. E. Torstensen, Petoro AS og Jan Tore Helgesen, Halliburton
13:00	Drilling and Well Planning Automation Kjell Nedrebø, Landmark Country Manager Norway, Halliburton
13:15	Digital Well Construction planning and execution Kevin Hermansen, DrillPlan Portfolio Manager, Schlumberger
13:30	Step change in performance with Digitalization and Automation Håvard Nilsen, Digitalization Manager Europe/ Ingolf Wassermann Manager Drilling Automation Development, Baker Hughes, a GE Company
13:45	Felles Q&A
13:55	Digitalisering er tidens buzzword. Hva er nytt nå? Hege Kverneland, Corporate Vice President and Chief Technology Officer, National Oilwell Varco
14:20	beAware- Simply Knowing Pål Skogerbø, SVP Drilling Technology, MHWirth
14:45	Pause
	Møteldere: Per Lund, Odfjell og Oddvar Skjæveland, MHWirth
15:15	Implementation of robotic drill floor equipment Lars Raunholt, Daglig leder, Canrig Robotic Technologies
15:40	Wired Drill Pipe Package Helps Deliver Performance Benefits on Exploration Campaign Sanna Zainoune, Senior Dynamic Drilling Solutions Engineer at National Oilwell Varco / Børge E. Nygård, Fagleder Drilling Practice, Equinor

HOUR:	DESCRIPTION:
16:05	Power Supply from Surface and High-bandwidth Communication for Novel Integrated Downhole Drilling System Dr. Abdelrhani Lamik , Group VP Powerline Drill String Technology, TDE Group
16:30	Autonom brønnplanlegging- nye plattformer og nye muligheter for boreingeniøren Marius Kjeldahl, CTO, Oliasoft and Per Arild Andresen, Vice President, Cognite
16:55	Slutt dag 1
19:00	Aperitif
19:30	Middag Middagstaler: Linda Vigdel, Schlumberger

Wednesday 19. September

HOUR:	DESCRIPTION:
	Møteleder: Thor Blunck, Blunck Offshore
08:30	Contract the best suppliers Jan Hjemgaard, Procurement Manager, Equinor
08:55	Alliansemodellen i praksis Inge Sundet, Vice President D&W, Semi Operations Alliances, AkerBP
09:20	Integreerte tjenester for brønnkonstruksjon - ny samhandlingsmodell Hans Magnus Bjørneli, GAM Equinor Drilling Ops, Schlumberger
09:55	Opportunities and Challenges when Drilling Wisting Dag H. Breivik, Global Drilling Manager, OMV
10:20	Pause
	Møteledere: Tore Weltzin, Equinor og Linda Vigdel, Schlumberger

HOUR:	DESCRIPTION:
10:45	Aasta Hansteen- Deepest Field development on NCS Svein Andreas Hansen, Ledende Boreingeniør, Aasta Hansteen, Equinor
11:10	Rekordeffektive boreoperasjoner på Mariafeltet Nils Petter Norheim, Drilling & Wells Manager Mobile Units, Wintershall
11:35	Drilling Automation on Songa Enabler Ivar Kjøsnes, Advisor Drilling Technology, Equinor
12:00	Pause
	Møteledere: Ida Lundh, OKEA og Oddvar Skjæveland, MHWirth
12:15	Step change improvements to PWC® - going faster and rigless Arne G. Larsen, VP Business Development, HydraWell Intervention AS
12:40	Mot sømløs datautveksling mellom sanntids boreprosesstyring og kontrollapplikasjoner: DDHub Initiativet Eric Cayeux, Forskningsleder, IRIS
13:05	Avslutning Narve E. Endresen, leder av programkomiteen
13:10	Lunsj
