

Exploration Revived 2009

Tuesday 17. March

HOUR:	DESCRIPTION:
08:30	Welcome/Opening Odd Ragnar Heum, Det norske, Norway, chair programme committee
	Chairs: Torstein Navrestad, Western Geco, Norway Snorre Olaussen, Eni Norge, Norway
08:45	State of the NCS exploration nation Sissel Eriksen, Norwegian Petroleum Directorate, Norway
09:15	NCS exploration challenges and opportunities viewed from OLF Sigrid Borthen Toven, OLF, Norway
09:45	Refreshments/networking
10:15	Ekofisk area after 40 years - exploration beyond the chalk (Key Note) James R. Matthew, Tim Austin, Dave Sheley, Hugh Beeley, Graham Hill, Neil Grant and Hroar Hermansen, ConocoPhillips Norge, Norway
10:55	Exploring for and developing stratigraphic and dynamic chalk traps Joan Megson, Maersk Oil Norway AS, Norway
11:25	New play model revealed amongst beach bridges, lagoons and palm trees - Stord Basin, North Sea - Norway Flemming Kjeilen-Eilertsen, D. Veiberg, B. Larssen and A. Eide, Discover Petroleum AS, Norway
11:55	Lunch
	Chairs: Tore Berg, Wintershall Norge AS, Norway Marcello Cecchi, Petro-Canada Norge, Norway
13:00	The Jordbær discovery Morten Sola, Liv Bystøl, Liv K. Husøy, Jon Kristensen, Lotte Myrvang, Guy Oakes and Israel Polonio, BG Norge Limited, Norway

HOUR:	DESCRIPTION:
13:30	The Stirby prospect - a new look at the deep Jurassic in the South Viking Graben Martin B. Gowers, Det norske / Zapteam Aps, Denmark, Lars Arnesen, Bjørn Berntsen, Espen Hagen, Tom Erik Maast and Knut Pederstad, Det norske, Norway
14:00	Refreshments/networking
14:30	The Luno discovery Hans Chr. Rønnevik, Arild Jørstad, Daniel Stoddart and Jan Erik Lie, Lundin Norway AS, Norway
15:00	Lower Eocene exploration in the Grane area Kjetil Haugeland Helvig, Jon Dexter, StatoilHydro ASA, Norway, Jan Andsbjerg, Andsbjerg Geoscience, Denmark and Daniel Patterson, StatoilHydro ASA, Norway
15:30	Refreshments/networking
16:00	Megalodon - a Pre-Zechstein prospect in the Norwegian-Danish Basin Malin J. Somby and Helen Haneferd, ConocoPhillips Norge, Norway
16:30	Total's world wide experience with HP/HT (Key Note) Rune Hope and J. Wonham, TOTAL E&P Norge AS, Norway, and S. Raillard, TOTAL E&P, France
17:10	End Day 1
17:30	Guided tours: • "Geology walk" Bergen City" • City walk Bergen Harbour ("Bryggen", The Old Town)
19:30	Cocktails
20:00	Conference Dinner • Exploration Revived Award 2009 • Dinner entertainment http://www.geoexpro.com/update/oilfinder/

Wednesday 18. March

HOUR:	DESCRIPTION:
	Chairs: Tim J. Austin, ConocoPhillips Norge, Norway Frode Fasteland, StatoilHydro ASA, Norway
08:30	Brazil mega discovery - inspiration for Norway's explorers? (Key Note) Malcom Brown, BG Group, UK
09:10	Revised interpretation of the geometry and evolution of late Jurassic and late Cretaceous rifting in the Vøring basin Heather Campbell and M.G. Norton, A/S Norske Shell, Norway
09:40	Regional mapping of sand probability offshore Mid-Norway from long offset 2D data Erlend Morisbak Jarsvem and Lars S. Eikum, Fugro Multi Client Services A/S, Norway
10:10	Refreshments/networking
10:40	The Gemini case history - seismic amplitudes vs well results Britt Heskestad, Carlo Assereto, Eni Norge AS, Norway, Vincenzo Ragone, Eni E&P, Libya and Dag Stensland, Eni Norge AS, Norway
11:10	High definition seismic data derived from standard 3D seismic survey and the importance to shallow geohazard assessment Richard Jennings, Floris Strijbos, A/S Norske Shell, Norway, Mike Dobson, Shell Expro, UK and Ross Vandrey, A/S Norske Shell, Norway
11:40	The mid Cretaceous play potential in the Marulk area, Norwegian Sea Jorun M. Ormøy, Snorre Olaussen, Eni Norge AS, Norway, Massimo Rossi and Ivan Staine, E&P Eni, Italy
12:10	Lunch
	Chairs: Wenche Tjelta Johansen, Norwegian Petroleum Directorate, Norway Jan Strømmen, A/S Norske Shell, Norway
13:10	Lithology- and fluid prediction (LFP) in exploration (Key Note) Erik Ødegaard, StatoilHydro ASA, Norway

HOUR:	DESCRIPTION:
13:10	Rosebank-Lochnagar proves a new play concept in volcanic rocks in the Faero-Shetland basin. What about Norwegian waters? Dag Helland-Hanssen, Chevron Upstream Europe, Norway
14:20	Refreshments/networking
14:50	Barents Sea results and way forward after 7 new exploration wells (Key Note) Geir Richardsen, Dagfinn Alm, Frode Engen, Bente Fotland, Jan Ove Hansen, Ketil Kåsa and Ketil Sollid, StatoilHydro ASA, Norway
15:30	Clinoforms and clinothems: Concepts, cases and challenges William Helland-Hansen, University of Bergen, Norway
16:00	Closing Odd Ragnar Heum, chair con
