

Reservoir & Production Management 2016

Monday 28. November

HOURL:	DESCRIPTION:
08:30	Coffee and Registration
	Chairs: Vincent Kretz, Repsol Norge AS og Sølvi Amundrud, Petoro
09:00	Opening and welcome by the chair Vincent Kretz, Repsol Norge AS
	Business Environment
09:10	Petoro's Perspective Roy Ruså, Petoro
09:40	Cost Effective Development and Operation Tove Francke, Norwegian Petroleum Directorate
10:10	The Enhanced Oil Recovery Strategy for the UK Continental Shelf Dave Puckett, Oil and Gas Authority
10:40	"IOR-decisions, from the perspective of companies and government" Petter Osmundsen, UiS
11:10	Lunch
	Cost Effective Field Development and Operation
	Chairs: Benedicte Kvalheim, Statoil and Christian Rambech Dahl, Point Resources
12:10	Pore to Process - Fast Track Integrated Field Development Screening Trond Solbakken, OneSubsea
12:40	The holy grail of drilling is a reality: Look ahead and look around while drilling Frank Antonsen, Statoil
13:10	«Next generation Unmanned Production Platform concepts» Arild Samuelsberg, Statoil

HOUR:	DESCRIPTION:
13:40	Improved efficiency through digitalisation of core processes, with some examples from the drilling domain Atle Høgberg, Kongsberg Digital
14:10	Coffee/tea - networking break
	Chairs: Knut Terje Noraberg, Norske Shell and Van Pham, Oljedirektoratet
14:40	"Åsgard Gas Compression" - the world's first subsea compression system!» ? Petter Harstad, Statoil
15:10	Developing shallow reservoirs in the Barents Sea Marcelo Boschi, OMV
15:40	Increased Oil Recovery from a Mature Oil Field by Gas Injection Bjørn Matre, Repsol
16:10	«Statfjord -An elephant extending its tail» Ingvild Amalixsen & Brikt Apeland, Statoil
16:40	End Day 1
17:00	Aperitif
17:30	Conference dinner

Tuesday 29. November

HOUR:	DESCRIPTION:
08:30	Coffee
	Tight Reservoirs
	Chair: Trond Rolfsvåg, EnVision
09:00	Fishbones Stimulation Technology Thomas Jørgensen, Fishbones

HOUR:	DESCRIPTION:
09:20	Smørbukk Sør Extention - A pioneer in challenging reservoir development Bård Haukland, Statoil
09:40	Learnings from Unconventional Paul Nadeau, UiS
10:00	Coffee/tea - networking break
	Overburden
	Chairs: Lars Sønneland, Schlumberger Norge and Ying Guo, Iris
10:30	Injection Pressure Monitoring (for Pressure Support Optimisation) Frederic Santarelli, Geomec
10:50	Integrated field monitoring including passive seismic Olaf Knoth, ConocoPhillips
11:10	Overview of P&A innovations Dave Gardner, IRIS
11:30	Lunsj
	IOR
	Chair: Kari Nordaas Kulkarni, Statoil and Adolfo Henriquez, Petoro
12:30	Resume Grane gas import Vibeke Øye, Statoil
12:50	Grane PRM - A tool for reservoir- and production engineers? Rigmor Mette Elde, Statoil
13:10	Silicate injection: An innovative IOR application in the Snorre field Kjetil Skrettingland, Statoil
13:30	Optimizing Well Placement Alexander Shadchnev, Schlumberger
13:50	Coffee/tea - networking break

HOUR:	DESCRIPTION:
	Technology vs Cost Reduction
14:10	Panel Debate
	Moderator: Tore Gulbrandsøy, Rystad Energy AS
	Participants: Øystein Knutsen, Shell Øystein Knutsen, Shell Arne Birger Olsen, OneSubsea/Schlumberger Anders J Steensen, The Research Council of Norway
15:00	End of Conference
