Reservoir & Production Management

Tuesday 23. October

HOUR:	DESCRIPTION:
08:30	**Registration**
09:00	**Opening/Welcome** Chair of the program committee
	BUSINESS ENVIRONMENT Chair: Vincent Kretz, Dyas Norge AS
09:10	**Market Update – what has happened and where are we going?** Jarand Rystad, Rystad Energy
09:40	**TopSeis; A purpose driven step change in a holistic better practice process to unfold more of the subsurface reality in the Barents Sea** Jan Erik Lie & Hans Christen Rønnevik, Lundin
10:10	**Refreshments/networking**
	PREPARATION FOR DIGITALISATION IN RESERVOIR MANAGEMENT Chairs: Ying Guo, NORCE & Benedicte Kvalheim, Equinor
10:40	**Using visualization and automatization for streamlining future well planning on Johan Sverdrup** Tone Berit Ørnskar & Berit Våg Aksland, Equinor
11:10	**Poor Production Forecasts – Here's Why and What You can do About it** Reidar B Bratvold, UIS/ NTNU & Erlend Mohus, PA Consulting Group
11:40	**Drainage strategy analytics - how to increase the value of our fields through improved reservoir understanding** Jon Sætrom, Resoptima
12:10	**Lunch**
13:10	**Digitalization: a new method of EOR?** Arjen Cense, Shell
13:40	**AI leveraged production optimization** Bjarne Grimstad, Solution Seeker

HOUR:	DESCRIPTION:
14:10	**Refreshments/networking**
	IOR FOR MATURE FIELD Chairs: Christian Rambech Dahl, Point Resources & Knut-Terje Noraberg, A/S Norske Shell
14:40	**Improving production efficiency by using Emulsion Viscosity Reducers – a Balder example** Dmitriy Belozerov, Point Resources
15:10	**Improved oil recovery – A case history from Alvheim** Nicolas Gueze, Aker BP
15:40	**Ormen Lange: how 4D surveillance data, integration of geomechanical modeling and data analytics are applied to inform a key business decision on future compression** Teodor Damian, Shell
16:10	**Analysis of enhanced permeability using 4D seismic data and locally refined simulation models** Jarle Haukås, Schlumberger/IOR Center of Excellence
16:40	**End day 1**
18:00	**Conference Dinner**

Wednesday 24. October

HOUR:	DESCRIPTION:
	IOR / EOR / NEW TECHNOLOGY Kari Nordaas Kulkarni, Equinor & Lars Sønneland, Schlumberger
09:00	**Snorre Expansion Project – Concept development to realize substantial IOR volumes** Annika T.U. Heggheim & Kari Nordaas Kulkarni, Equinor
09:30	**Geosteering in producing compartments with automated 3D model-updating** Diogo Salim, Schlumberger

HOUR:	DESCRIPTION:
10:00	**Breaking way for improved reservoir drainage strategy** Eirik Dirdal, NOV Completion & Production Solutions
10:30	**Refreshments/networking**
11:00	**Integrated operation centre - Subsurface Digitalisation** Carl Frederik Eek-Jensen, Equinor
11:30	**Subsurface preparations for «Balder Future» project** Tor Veggeland, Point Resources
12:00	**Lunch**
	GREEN FIELD DEVELOPMENT Kelly Tyler, INEOS DeNoS & Vincent Kretz, Dyas Norge AS
13:00	**Wisting - the northernmost oil discovery on the NCS** Eirik Stueland, OMV
13:30	**Aasta Hansteen Field - from planning to execution** Ghati Mwita & Khalid Gurbanov, Equinor
14:00	**Refreshments/networking**
14:30	**Production from Edward Grieg tight reservoirs** Bjørn Erik Edin, Lundin
15:00	**Wax and Salt – the making of a legend: Fenja** Bjørn Øverby, Neptune Energy Norge
15:30	**Re-cap by chair of the program committee**
15:40	**END of conference day 2**
