

The 19th Conference on Field Reservoir Management 2014

Tuesday 17. June

HOUR:	DESCRIPTION:
08:00	Registration
09:00	Opening/ Welcome Vincent Kretz, Talisman Energy Chair Programme Committee
	Chairs: Arvid Østhus, NPD - Anniken Gravem , Petoro AS
09:10	Remaining resources on NCS - Target for IOR/EOR Arne Holhjem, NPD
	IOR
09:30	National R&D centre to improve oil recovery from the Norwegian Continental Shelf M.Madland, University of Stavanger
10:00	Subsea Water Treatment and Injection for IOR and EOR Eirik Dirdal, Seabox as
10:30	Networking/refreshments
11:00	EOR Field Testing at Heidrun Hege Urkedal, Statoil
11:30	Troll Oil - Technology implementation in new wells Magne Olav Nævdal, Statoil
12:00	Lunch
	Chairs: Benedicte Kvalheim, Statoil - Cato Berge , Norske Shell
13:00	MEOR - The lab experience Terje Torsvik, CIPR, Uni Research
13:30	MEOR in the field, results and new developments Egil Sunde ,Statoil

HOUR:	DESCRIPTION:
14:00	Networking / refreshments
	Green Fields
14:30	Johan Sverdrup - Subsurface /reservoir level Raghavendra Kulkarni, Statoil
15:00	Raghavendra Kulkarni, Statoil Per Øyvind Seljebohn, Lundin
15:30	The Skarv Field - status and learning after production startup Anne Kloster, BP
16:00	Valemon - Developing a Structurally Complex HPHT Field Per-Åge Pedersen , Statoil
18:30	Aperitif
19:00	Conference dinner

Wednesday 18. June

HOUR:	DESCRIPTION:
	Chairs: Kjell Buer, LOTOS E&P Norway- Grete Block Vagle, BP Norge
	Brown Fields
09:00	Data Integration for development screening of the Skagerrak Reservoir- Case Study from the Ula Field Ryan Paton, BP
09:30	Reservoir Management Using 4D Seismic at Ekofisk Field Evgeny Tolstukhin , ConocoPhillips
10:00	Skarv Field - Successful use of Resman tracer during start-up Torgim T. Thingvoll, BP
10:30	Networking/refreshments

HOUR:	DESCRIPTION:
11:00	CO2 Storage. Experience from Sleipner and other sites Jonas Nesland Vevatne, Statoil
11:30	Norne Area Injection Strategy: Past, present and future Audun N. Nyre, Statoil
12:00	Permanent Reservoir Monitoring on Snorre and Grane - the natural extension of a successful 4D history Mona Andersen, Statoil
12:30	Lunch
	Chairs: Van Pham, NPD - Vincent Kretz, Talisman Energy Norge
	New Technology / Surveillance
13:30	Fracturing processes in unconventional and conventional reservoirs Agust Gudmondsson, Royal Hallaway University
14:10	Permanent monitoring of the production and the reservoir using in-well fiber optics Bård Elvik Weatherford Norge AS
14:40	Networking/refreshments
15:10	Daily production optimization in real time - how and why Bjarne Foss, NTNU
15:40	Chemical PLT - a unique approach attaining reservoir surveillance without wires and cables Ragnhild Skjetne, Resman
16:10	Ragnhild Skjetne, Resman Vincent Kretz, Talisman Energy Chair Programme Committee
16:20	End of conference
