

## Subsea Pipelines & Cables

*Previously known as "Offshore Pipeline & Risers"*

**11 - 12 October 2022**

Trondheim, Norway

NPF is pleased to invite the pipeline, riser, umbilical and power cable community to Trondheim for the traditional two-day conference, 11-12 October 2022. Being a post-covid event, we hope that the conference will again be a popular networking forum where recent achievements, case studies, industry trends and new developments are discussed and presented.

To better reflect on market trends, the Program Committee have decided to change the conference title to **Subsea Pipelines & Cables**. The conference format will address topics related to design, installation, operation and new technology solutions. As always, this conference will include technical and field-specific presentations as well as good time for networking. There will also be strong focus on future developments with a national and international perspective.

### Submit your abstract:

The abstract submissions for **Subsea Pipelines & Cables 2022 are now open**. We strongly encourage industry professionals to submit an abstract. The submissions closing date is 31 March 2022, please see more info: <https://npf.no/konferansen/subsea-pipelines-cables-2022/>

Interested speakers are invited to submit an abstract (~300 words) describing the main ideas of their presentation. We would particularly encourage real case studies focusing on technical/managerial classifications, R&D, new technologies or recent project/case studies. Joint presentations between energy companies, contractors and technology providers are welcome.

Each speaker gets a presentation time of 25 minutes. All presentations will be made available online for the conference attendees.

- Conference language: English
- Please use the abstract template on the NPF website and forward to Tonje Raknes (NPF), [Tonje.Raknes@npf.no](mailto:Tonje.Raknes@npf.no)
- Abstracts **DEADLINE 31 March 2022**

On behalf of the Program Committee, we look forward receiving your abstract and hope to see you at the seminar in October!

**Per Nystrøm**

*Chairman of the Organising Committee*
